Product Data/Application

EffloRemover™

DESCRIPTION: EffloRemover is a user friendly organic acid that removes efflorescence and rust from the surface of the pavers without the chance of burning the pavers. EffloRemover also removes grout smears from the bull nose/coping.

ADVANTAGES:

- User friendly and environmentally safe
- Won't burn pavers or bull nose/coping
- No noxious fumes
- Will not harm vegetation
- Compatible with our Paver Protection Products
- Can be used as a detergent when diluted 10:1
- Zero VOCs

ESTIMATING GUIDE: 100 to 150 sq. ft. per gallon

DIRECTIONS FOR USE: Apply with a hand pump/back pack sprayer. A shower type spray nozzle will help ensure even distribution of the EffloRemover. Allow EffloRemover to sit until fizzing stops and then use of a pressure washing system is recommended. A second application may be needed, depending on the severity of the efflorescence. Be sure to thoroughly rinse before applying sealer.

CLEANUP: Clean tools and equipment immediately after use with water.

STORAGE: Do not store at or below freezing temperatures. Do not allow product to freeze. If product freezes, it is no longer usable. Our EffloRemover should be stored in a tightly closed container in a cool, dry place. Shelf life is one year.

CAUTION: May cause skin and eye irritation. Do not take internally. All label directions should be read thoroughly before use. **KEEP OUT OF REACH OF CHILDREN**
